Disse tegningene viser eksempler på noen forskjellige teltstørrelser og bordplasseringer. Ta kontakt dersom du har behov for et annet alternativ enn det som er illustrert

Våre telt moduler:
- 6x3m, - 9x3m og - 12x3m
Teltene bygges i 6m, 9m og 12 m bredde. Lengden velger du ut i fra behovet.

Felles for alle teltene er at bakken må være flat. Er du usikker på om du kan ha et telt i hagen? Ta kontakt og vi kommer på befaring.

Vi gjør oppmerksom på at målestokken ikke er 100% korrekt. Men den er en god hjelp til planleggingen.
